EMERGENCY

*William Likoff M.D.
President and Chief Executive
Officer*

Greeting the graduates of the College of Allied Health Professions through Horizons is a treasured privilege since it presents an opportunity to wish all of the graduates happiness and health in the years ahead. I sincerely hope that the Institution helped to provide an essential means for realizing your life's ambition. If it has encouraged the mastery of current knowledge and has enriched the motivation to continue the learning process, Hahnemann has honored its primary obligation as a superior educational institution. Godspeed and good luck.

To the Class of 1981 I extend my deepest congratulations and best wishes on your graduation from the College of Allied Health Professions. A few short years ago you embarked on a new adventure, and educational voyage which you accomplished successfully and you are now prepared to take your position as a member of the health care team. It is the belief of the Faculty and staff that each of you has the educational background, the confidence and the professionalism to carry out your new roles and we hope that you will continue a lifetime of professional development and growth. Even though you leave the ranks of students at Hahnemann, you join those who graduated in past years and become part of the distinguished alumni of our Institution.

The Faculty and I hope you will maintain a link with the College, knowing that you will always be welcome to visit, and that you will participate in the activities of the Alumni Association.

The Faculty and I join with your parents, wives, husbands and friends on being proud of your accomplishments and we wish you continued success in your future activities.
